

EK 1000-1300

Timer lock attach safes

Koval® holding

EK 1100-1300

■ The attach safe has two cases. The outer case is made of welded steel sheets 3 mm thick and the inner case is 1,5 mm thick it differs by its size. The bank notes can be stored in the storing cash casket or collected in a collecting cash casket. The safe has a classical mechanical MAUER safe lock. Depending on the internal locker casket the safe can serve as a cash storing or cash collecting unit.

- The safe can be fixed to the table.
- It can be connected to an electronic safety system.
- The inner lock casket can serve for storing and collecting cash
- High quality mechanical MAUER safe lock
