DoCash

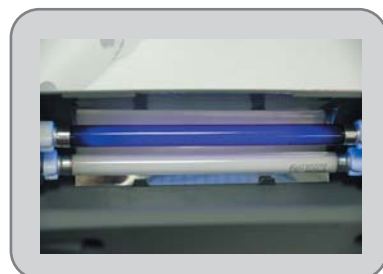

Your real value

Professional currency and document authenticity verification using powerful ultraviolet lamps

Universal counterfeit detectors, enable prompt verification of all types of currencies and securities. Compact and reliable

Purpose

- Visual detection of currency authenticity: in ultraviolet light, white transmitted light and white reflected light
- Banknote size verification

Advantages

- Pull out legs provide mobility of viewing
- Powerful ultraviolet lamps
- Minimal dilution of ultraviolet lamps
- Viewing area has enough space for an average size bill
- Verification A4 size documents

Features

- Connection to additional devices (accessories)
- Available to review A4 size documents

Accessories

DoCash M — portable infrared and magnetic device

DoCash L — 10 time magnification glass with accent lighting

Specification	DoCash 502	DoCash 525	DoCash 530	DoCash 531
UV light, W	2 x 6	1 x 6	2 x 6	2 x 6
Wave-length of UV light, Nm	360-380	360-380	360-380	360-380
Upper white light, W		1x 6		
Bottom white light, W		1x 6	1x 6	1x 6
Metric scale	+	+	+	+
Connection of accessories		+	+	
Power consumption, W	≤ 12	≤ 12	≤ 12	≤ 12
Power supply, V/Hz	220/50	220/50	220/50	220/50
Overall dimensions, mm	260x120x140	260x120x140	260x120x140	260x120x140

DoCash

Your real value

DoCash M

Combined MG/IR sensor

Additional equipment for DoCash DVM BIG, SuperDVM and 500 series detectors

Purpose

- Portable infrared and magnetic device, allowing the identification of spot magnetic and infrared marks on the bills

Advantages

- Light and sound indication if a marked section is located
- Easy exploitation

Specification	DoCash M
Power supply, DC V/mA	9/90
Power consumption, W	≤ 0,5
Overall dimensions, mm	154x46x32
Net weight, kg	0,3

DoCash L

Additional equipment for DoCash DVM BIG, SuperDVM and 500 series detectors

Purpose

- 10 time magnification glass with accent lighting for micro-prints and small image elements control (for banknotes and secured documents)

Advantages

- Coated optics

Specification	DoCash L
Magnifying, fold	10
Bias lighting type: white	+
Power supply, V/mA	9/70
Power consumption, W	≤ 0,5
Overall dimensions, mm	75x40x40
Net weight, kg	0,07

DoCash VL

Video magnifier 12x

Additional equipment for DoCash DVM BIG, SuperDVM detectors

Purpose

- Portable video magnifier, displaying the image with 12 times magnification in 3 types of accent light: white, infrared and ultraviolet

Advantages

- Previous setting memory
- Convenient one-button operation
- Step by step program settings
- Ergonomic location of control button
- Power cable is not in the way

Specification	DoCash VL
Magnifying, fold	12
Videocamera	color
Power supply, DC V/mA	12/100
Power consumption, W	≤ 0,5
Overall dimensions, mm	60x68
Net weight, kg	0,1
